

1. Package Content

Thank you for purchasing PLANET Industrial Layer 2/4 Managed Ethernet Switch, IGS-801M. "Industrial Managed Switch" mentioned in this quick installation guide refers to the IGS-801M.

IGS-801M	Industrial 8-Port 10/100/1000T Managed Ethernet Switch
----------	--

Open the box of the **Industrial Managed Switch** and carefully unpack it. The box should contain the following items:

- The IGS-801M Industrial Managed Switch x 1
- Quick Installation Guide x 1
- DIN Rail Kit x 1
- Two Wall-mounting Brackets with Attachment Screws x 1

If any item is found missing or damaged, please contact your local reseller for replacement.

3. Wiring the Power Inputs

The Upper Panel of the **Industrial Managed Switch** indicates a DC inlet power socket and consists of one terminal block connector within 6 contacts. Please follow the steps below to insert the power wire.

1. Insert positive / negative DC power wires into Contacts 1 and 2 for POWER 1, or 5 and 6 for POWER 2.

- 3 -

4. Starting Web Management

The following shows how to start up the **Web Management** of the Industrial Managed Switch. Note the Industrial Managed Switch is configured through an Ethernet connection. Please make sure the manager PC must be set on the same **IP subnet address**.

For example, the default IP address of the Industrial Managed Switch is **192.168.0.100**, then the manager PC should be set at **192.168.0.x** (where x is a number between 1 and 254, except 100), and the default subnet mask is 255.255.255.0.

2. Requirements

The Industrial Managed Switch provides remote login interface for management purposes. The following equipment is necessary for further management:

- **Workstation** is installed with Ethernet NIC (Network Interface Card)
- Choice of Internet browsers includes Windows XP/2003, Vista, Windows 7, Windows 8, MAC OS X, Linux, Fedora, Ubuntu or other platforms compatible with TCP/IP protocols.
 - The above workstation is installed with Web browser and JAVA runtime environment plug-in.
- **Ethernet Port** connection
 - Use standard network (UTP) cables with RJ45 connectors.

Note It is recommended to use Internet Explore 8.0 or above to access the IGS-801M Industrial Managed Switch.

- 2 -

2. Tighten the wire-clamp screws for preventing the wires from loosening

1	2	3	4	5	6
Power 1		Fault		Power 2	
-	+			-	+

Note The wire gauge for the terminal block should be in the range between 12 ~ 24 AWG.

Login to the Managed Switch

1. Use Internet Explorer 8.0 or above for Web browser and enter IP address <http://192.168.0.100> (the factory-default IP address) to access the Web interface.
2. When the following dialog box appears, please enter the default user name "admin" and password "admin" (or the password you have changed before) as shown in Figure 4-2.

Default IP Address: **192.168.0.100**
 Default User Name: **admin**
 Default Password: **admin**

3. After entering the password, the main screen appears as Figure 4-3.

Figure 4-3 Web Main Screen of IGS Industrial Managed Switch

- 7 -

4. The Switch Menu on the left of the Web page lets you access all the functions and status the Industrial Managed Switch provides.

Now, you can use the Web management interface to continue the Switch management. Please refer to the user manual for more.

Note For security reason, please change and memorize the new password after this first setup.

- 8 -

5. Resetting the Switch to Default

To reset the IP address to the default IP Address "192.168.0.100" and the user password to factory default mode (default password is **admin**), press the hardware reset button on the front panel for about 10 seconds.

After the device is rebooted, you can login the management Web interface within the same subnet of 192.168.0.xx and default password. Be noted that all the previous setups will be disappeared after the factory default reset is made.

6. Customer Support

Thank you for purchasing PLANET products. You can browse our online FAQ resource on PLANET web site first to check if it could solve your issue. If you need more support information, please contact PLANET switch support team.
