2-Port PS/2 KVM Switch

PLANET KVM switches are designed to enable you control multiple computers by using just one set of keyboard, mouse and VGA monitor. This solution provides users more space in facility deployment in addition to saving the cost of multiple keyboards, mice and monitors. Switch between computers by just pressing a button on the panel or pre-defined Hot Key on connected keyboard. The KVM Switch series are the perfect choice for home, office, server farm, and testing sites where there is a need to manage multiple computers efficiently and easily.

PLANET KVM Switches utilize advanced microprocessor emulation to intelligently manage each KVM port, which allows simultaneous boot-up of all the attached computers. Scroll Lock status can also be saved for each computer. Meanwhile, the KVM Switches support VGA, SVGA and MultiSync monitors to provide more flexible options for network environment.
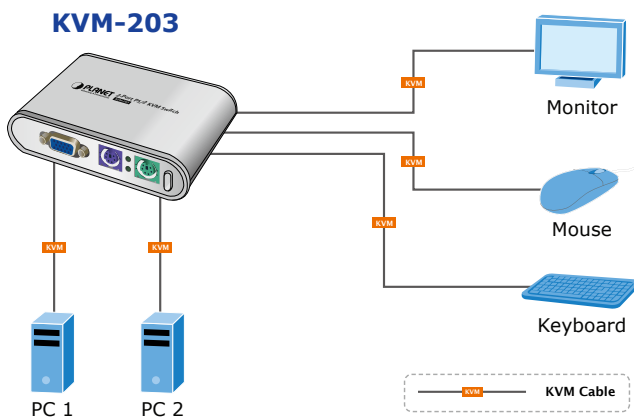

APPLICATIONS

Home, Office or Test Site
Multiple computers are needed but lack of space? Hate to move from one computer to another in work processing? Or just want to save expense on monitors, keyboards and mice? PLANET KVM switches are the most cost-effective and simple solution for the above bothers.

By adopting PLANET KVM switches, multiple computers can be managed by one single monitor, keyboard and mouse directly. They support commonly used operating systems including DOS, Windows, Netware ,UNIX and Linux.. No software drivers or system configuration are required for installation. Switching among computers is achieved simply by pushing a button on the KVM switch or a pre-defined hot key on the keyboard.

- Supports SVGA, VGA and multi-sync Monitors, resolutions up to 2048 x 1536 ; Bandwidth: 400MHz

- Auto scan mode for monitoring PCs

- Supports most of the PS/2 keyboard and mouse on the market

- Switch between PCs by press "Select" button or keyboard "Hot Key"

- Status LEDs give a clear indication of the active PC

- Buzzer sound for switching port confirmation

- Space saving and cost effective

SPECIFICATION

Product	2-Port PS/2 KVM Switch	
Model	KVM-203	
General		
PC Port	2	
Console	1	
Max. Connected PC	2	
LED	2 x Green Color LED	
Cable Connector	PC	2 x PS/2 Mini-DIN-6 Male
		1 x HDB -15 Male (blue)
	KVM	1 x HDB -15 Male (block)
KVM Connector	Console	2 x HDB-15 Female (block)
	Keyboard	1 x PS/2 Mini-DIN-6 Female
	Mouse	1 x PS/2 Mini-DIN-6 Female
	Monitor	1 x HDB-15 Female (blue)
PC Selection		Hot Key / Select Button
Keyboard Emulation		PS/2
Mouse Emulation		PS/2
VGA Resolution		Up to 2048 x 1536
Bandwidth		400MHz
Housing		Plastic
Cable Length		1.8 m
Environment		
Dimension (W x D x H)		110 x 66 x 22 mm
Weight		98.2g
Operating Environment		0~50 Degree C, 0~80% humidity
Power Requirement		Bus Power
