#### INDEPENDENT AUDITORS' REVIEW REPORT

NO.10711123CEA

To PLANET Technology Corporation

#### Introduction

We have reviewed the accompanying consolidated balance sheets of Planet Technology Corporation and its subsidiaries ("the Group") as of September 30, 2023 and 2022 and the consolidated statements of comprehensive income for the three months ended September 30, 2023 and 2022 and for the nine months ended September 30, 2023 and 2022, the consolidated statements of changes in equity and cash flows for the nine months ended September 30, 2023 and 2022, and the related notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

#### **Scope of Review**

We conducted our reviews in accordance with the Standards on Review Engagements No. 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **Conclusion**

Based on our reviews, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as of September 30, 2023 and 2022, and its consolidated financial performance for the three months ended September 30, 2023 and 2022, and its consolidated financial performance and its consolidated cash flows for the nine months ended September 30, 2023 and 2022, in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

#### 2. THE AUTHORIZATION OF FINANCIAL STATEMENTS

The consolidated financial statements were approved by the Board of Directors and authorized for issue on November 3, 2023.

# 3. <u>APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS</u>

(1) Effect of the adoption of new issuances of or amendments to International

Financial Reporting Standards ("IFRS") as endorsed by the Financial

Supervisory Commission ("FSC")

The IFRSs of new standards, interpretations and amendments endorsed by FSC effective from 2023 are as follow:

| New, Revised or Amended Standards, and Interpretations      | Effective Date Issued by IASB |
|---|-------------------------------|
| Amendments to IAS 1 "Disclosure of Accounting Policies"     | January 1, 2023               |
| Amendments to IAS 8 "Definition of Accounting Estimates"    | January 1, 2023               |
| Amendments to IAS 12 "Deferred Tax related to Assets and    | January 1, 2023               |
| Liabilities arising from a Single Transaction"              |                               |
| Amendments to IAS 12 "International Tax Reform - Pillar Two | May 23, 2023                  |
| Model Rules"  |                               |

The Group believes that the adoption of the above IFRSs won't have any material impact on its consolidated financial statements.

# (2) Effect of new issuances of or amendments to IFRSs as endorsed by the FSC but not yet adopted by the Group

The IFRSs of new standards, interpretations and amendments endorsed by FSC effective from 2024 are as follow:

| New, Revised or Amended Standards, and Interpretations                        | Effective Date Issued by IASB |
|---|-------------------------------|
| Amendments to IFRS 16 "Leases Liability in a Sale and leaseback"              | January 1, 2024               |

| Amendments to IAS 1 "Classification of Liabilities as Current or Non-current" | January 1, 2024               |
| Amendments to IAS 7 and IFRS 7 "Supplier Finance Arrangements"                | January 1, 2024               |

The Group believes that the adoption of the above IFRSs won't have any material impact on its consolidated financial statements.

# (3) The IFRSs issued by IASB but not yet endorsed by FSC

As of the date the following IFRSs that have been issued by the IASB, but not yet endorsed by the FSC:

| New, Revised or Amended Standards, and Interpretations   | Effective Date Issued by IASB |
|--|-------------------------------|
| Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets between An Investor and Its Associate or Joint Venture" | To be determined by IASB      |
| IFRS 17 "Insurance Contracts"  | January 1, 2023               |
| Amendments to IFRS 17  | January 1, 2023               |
| Amendments to IFRS 17 "Initial Application of IFRS 9 and IFRS 17 - Comparative Information"                              | January 1, 2023               |
| Amendments to IAS 21 "Lack of Exchangeability"   | January 1, 2025               |

The Group is evaluating the impact of its initial adoption of the abovementioned standards and interpretations on its consolidated financial position and consolidated financial performance. The related impact will be disclosed when the Group completes the evaluation.

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

# (1) Statement of compliance

The consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IAS 34 "Interim Financial Reporting" as endorsed and issued into effect by the FSC. The consolidated financial statements do not present all the disclosures required for a complete set of annual consolidated financial statements prepared under the IFRSs endorsed.

#### (2) Basis of Preparation

The consolidated financial statements have been prepared on the historical cost basis except for the financial instruments at fair value through profit or loss and defined benefit liabilities recognised based on the net amount of pension fund assets less present value of defined benefit obligation. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

#### (3) Basis of Consolidation

A. The basis of preparation and the basis for the consolidated financial statements:

The basis of preparation and the basis for the consolidated financial statements applied in these consolidated financial statements are consistent with those applied in the consolidated financial statements for the year ended December 31, 2022.

Inter-company transactions, balances, income and expenses are eliminated in full on consolidation.

# B. The subsidiaries in the consolidated financial statements:

The data of the subsidiaries included in the consolidated financial statements in the above table are prepared based on the financial statements reviewed by the certified public accountant during the same period.

C. Subsidiaries excluded from consolidated financial statement: None.

## (4) Other Significant Accounting Policies

Except for the following, the summary of significant accounting policies, plesae refer to the consolidated financial statements for the year ended December 31, 2022.

#### A. Retirement benefits

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted for significant market fluctuations and for significant plan amendments, settlements, or other significant one-off events for current period.

#### B. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax. The interim period income taxes is accrued using the tax rate that would be applicable to expected total annual earnings, that is, the estimated average annual effective income tax rate applied to the pre-tax income of the interim period.

#### 5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF

#### ESTIMATION UNCERTAINTY

The same critical accounting judgments and key sources of estimation uncertainty have been followed in these consolidated financial statements as were applied in the preparation of the consolidated financial statements for the year ended December 31, 2022.

(1) In principle, the payment term granted to customers is due 30 days from the invoice date, and some customers have a monthly settlement for a period of 45 to 60 days.

In order to minimize credit risk, the management of the Group has delegated a person responsible for determining credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Group's credit risk was significantly reduced.

The Group has applied the simplified approach to provisions for expected credit losses prescribed by IFRS 9, which permits the use of a lifetime expected credit losses provision for all accounts receivable. The evaluation of the lifetime expected credit loss is made by considering past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of economic conditions. GDP forecasts and the outlook of the industry are also considered.

### 15. <u>RETIRED BENEFIT PLANS</u>

#### (1) Defined contribution plans

The plan under the R.O.C. Labor Pension Act ("the Act") is deemed a defined contribution plan. Pursuant to the Act, the Company makes monthly contributions equal to 6% of each employee's monthly salary to employees' pension accounts. Accordingly, the Company recognized expenses of \$1,585 thousand, \$1,385 thousand, \$4,545 thousand and \$4,136 thousand in the consolidated statements of comprehensive income for the three months and nine months ended September 30, 2023 and 2022, respectively.

#### (2) Defined benefit plans

The Company has a defined benefit plan under the Labor Standards Law, which provides benefits based on an employee's length of service and average monthly salaries of the last six months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee.

Relevant pension costs for defined benefit plans which were determined by the pension cost rates of actuarial valuation as of December 31, 2022 and 2021 were as follows:

Under the relevant laws, the capital surplus can only be used to offset a deficit. However, the capital surplus from donations and the excess of the issuance price over par value of capital stock (including the stock issued for new capital, mergers, convertible bonds and treasury stock transactions) may be capitalized or shall be distributed by cash, on a certain percentage of the Company's paid-in capital every year. Also, the capital surplus from long-term investments, employee share options and share options may not be used for any purpose.

### (3) Retained earnings and dividend policy

- A. Under the Company's Articles of Incorporation, the current year's earnings, if any, shall first be used to pay all taxes and offset prior years' operating losses and then 10% of the remaining amount shall be set aside as legal reserve, unless the accumulated amount of the legal reserve has reached the total issued capital of the Company. The remaining balance is to be set aside or reverse or rotation as special reserve if necessary. According to the dividend policy, bonus distributed shall be proposed by the Board of Directors and resolved by the stockholders' meeting. In accordance with the provisions of Article 240, Item 5 of the Company Act, the company may explicitly stipulate to authorize the distributable dividends and bonuses in whole or in part may be paid in cash after a resolution has been adopted by a majority vote at a meeting of the board of directors attended by two-thirds of the total number of directors; and in addition thereto a report of such distribution shall be submitted to the shareholders' meeting.
- B. The Company adopts the residual dividend policy in order to meet the growth characteristics of the industry and the capital needs of the Company's long-term financial planning and operation expansion. That is, the surplus distribution is handled according to Article 20 of the Articles of Association. The shareholder dividends are based on the principle of balanced distribution between stock and cash dividends. The board of

directors proposes to set aside from the distributable surplus the dividends to be distributed, with the amount of the distribution no less than 30% of the distributable surplus in the current year, and distributed according to the Company's Articles of Incorporation. Stock dividends have the priority in order to retain the required funds, and the remaining surplus is to be distributed in the form of cash dividends; however, the proportion of cash dividends shall not be less than 10% of the total dividends. In accordance with Article 241 of the Company Act, Company distributes its legal reserve and the following capital reserve, in whole or in part, by issuing new shares which shall be distributable as dividend shares to its original shareholders in proportion to the number of shares being held by each of them or by cash, after a resolution has been adopted by a majority vote at a meeting of the board of directors attended by two-thirds of the total number of directors; and in addition thereto a report of such distribution shall be submitted to the shareholders' meeting.

- C. According to the Company Act, the appropriation for legal reserve shall be made until the reserve equals the Company's paid-in capital. The reserve may be used to offset a deficit, or be distributed as dividends in cash or stocks for the portion in excess of 25% of the paid-in capital if the Company incurs no loss.
- D. Pursuant to existing regulations, The Company is required to set aside additional special reserve equivalent to the net debit balance of the other components of shareholders' equity items (including exchange differences on translating foreign operations, unrealized gain or loss on available-for-sale financial assets, and the gain or loss on the hedging instrument relating to the effective portion of a cash flow hedge, but excluding treasury stock). For any subsequent reversal of other net deductions from shareholders' equity, the amount reversed may be distributed.

E. The appropriations of 2022 and 2021 earnings have been approved by the Company's shareholders in its meeting held on May 24, 2023 and May 27, 2022, respectively. The appropriations and dividends per share were as follows:

Due to the employee remuneration may be paid in the form of company shares, it is assumed that the employee's remuneration will be issued by means of shares when calculating the earnings per share. When the potential ordinary shares have a dilution effect, they are included in the weighted average number of outstanding shares to calculate the diluted earnings per share. When the shareholders' meeting decides the number of shares in the employee's remuneration for the previous year by calculating the basic earnings per share, the number of shares will be included in the weighted average number of outstanding shares in the resolution of the shareholder's meeting. Moreover, since the capital increase from employee remuneration is no longer a free share allotment, no retroactive adjustment is required for the calculation of the basic and diluted earnings per share.

If there is a change in the proposed amounts after the annual parent company only financial statements are authorized for issue, the differences are recorded as a change in the accounting estimate. If the board of directors decides to pay the employee remuneration in the form of company shares, the number of dividend shares is determined by dividing the amount of the dividend by the fair value of the share. The fair value of the share is based on the closing price of the day before the resolution date of the shareholders' meeting, with the ex-dividend impact considered.

The 2022 and 2021 employees' compensation and director's remuneration were respectively resolved in the board meeting on February 23, 2023 and February 24, 2022 as follows.

For the Year Ended December 31

|                           | <br>2022     | 2021         |  |  |

# (2) Fair value of financial instruments

#### A. Fair value of financial instruments that are not measured at fair value

Among the financial assets and financial liabilities that are not measured at fair value, the management of the Group considers that there is no significant difference between the carrying amounts and the fair values.

#### B. Fair value as recognized in the balance sheet

According to IFRS 13, the Group's fair values of the assets or liabilities are estimated based on the fair values assessed by major market participants. Considering the fair value assumptions of market participants, the observable fair value measurements can be divided into the following three levels:

(a) Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.

- (b) Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- (c) Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).
- (d) For the assets and liabilities recognized in the financial statements on a repetitive basis, the classification is re-evaluated at the end of each reporting period to determine whether there is a transfer between the levels of the fair value hierarchy.
- (e) The Group has no financial assets or liabilities that are measured at fair value on a non-repetitive basis. The financial assets and liabilities measured at fair value on a repetitive basis are presented below:

For the nine months ended September 30, 2023 and 2022, there was no transfer between Level 1 and Level 2.

There were no purchases and disposals for assets on Level 3 for the nine months ended September 30, 2023 and 2022, respectively.

C. Valuation techniques and assumptions used in fair value measurement

The fair values of financial assets and financial liabilities are determined as follows:

Monetary funds are closed-end funds with standard terms and conditions; investors may request the fund management companies for redemption at any time, and the fair values are based on the net values of the funds.

D. Financial assets and liabilities which are not measured at fair value, but the fair values need to be disclosed: None.

#### (3) Financial risk management objectives

The Group's objectives of financial risk management are to manage its exposure to currency risk, interest rate risk, credit risk and liquidity risk related to the operating activities. To reduce the related financial risks, the Group engages in identifying, assessing and avoiding the market uncertainties with the objective to reduce the potentially adverse effects on its financial performance by the market change.

The Group's major financial activities are reviewed by the board of directors in accordance with the related regulations and internal control system. During the financial plan execution period, the Group must comply with the financial operation procedures that provide guiding principles for overall financial risk management and segregation of duties.

#### (4) Market risk

The Group is exposed to the market risks arising from changes in foreign currency rates and interest rates, and not utilizes derivative financial instruments to reduce the related risks.

## A. Foreign currency risk

The Group's operating activities and investment in foreign are mainly denominated in foreign currencies and exposed to foreign currency risk. The Group did not engage in any hedging.

The Group's sensitivity analysis to foreign currency risk mainly focuses on the net foreign currency assets and liabilities monetary items at the end of the reporting period.

The significant financial assets and liabilities denominated in foreign currencies were as follows:

#### B. Interest rate risk

Interest rate risk refers the risk caused by the change in the fair value of financial instruments as a result of change of the market interest rate. The interest rate risk of the Group is mainly from the floating-rate time deposit investment. As the current market interest rate is already low, it is expected that there is no significant interest rate risk, and therefore the Group is not engaged in any hedging.

Regarding the sensitivity analysis of the interest rate risk, the calculation is made according to the amount of changes in fair value of fixed income investment at the end of the report period. If the interest rate increased or decreased by 0.25%, the Group's profit or loss for the nine months ended September 30, 2023 and 2022 would increase or decrease \$2,693 thousand and \$2,600 thousand respectively.

#### C. Other price risk

The Group is exposed to equity instrument price risk arising from financial assets at fair value through profit or loss, mandatorily measured at fair value. Except for investments made through venture capital funds, all other major equity investments are to be approved by the board of directors of the Group in advance.

The sensitivity analysis for the equity instruments is based on the change in fair value as of the reporting date. Assuming a hypothetical increase or decrease of 5% in prices of the equity instrument at the end of the reporting period for the nine months ended September 30, 2023 and 2022, the income would have increased or decreased by \$545 thousand and \$539 thousand, respectively.

# (5) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group is exposed to credit risk from operating activities, primarily accounts receivable, and from financing activities of fixed-income deposits investments. Credit risk is managed separately for business related and financial related exposures.

#### A. Business related credit risk

In order to maintain quality of accounts receivable, the Group has set up operation related credit risk management procedure.

The individual customer risk assessment covers the factors of an individual customer's financial status and credit rating agency's ratings, the Group's internal credit ratings and historical transaction records and current economic status, etc. which may affect customer's solvency capacity. In addition, the Group will also use some credit enhancement instruments, such as advance sales receipts and accounts receivable insurance, etc, at an appropriate time to reduce the credit risk of some specific customers. The management of the Group has delegated a person responsible for determining credit limits, credit approvals and other monitoring procedures to ensure that follow-up actions is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts.

As of September 30, 2023, December 31, 2022 and September 30, 2022, the Group's top ten customers accounted for 35.97%, 38.29% and 38.51% of accounts receivable, respectively. The Group believes the concentration of credit risk is insignificant for the remaining accounts receivable.

# B. Financial credit risk

The credit risk of bank deposits, fixed income investments and other financial instruments is measured and monitored by the Group's financial department. The Group's transaction counterparts and contract performance parties are the financial institutions with good credit, and the Group has diversified its risk by dealing with multiple financial institutions, so there shall be no significant credit risk caused by too much concentration on some financial institutions and no significant doubt about contract performance.

# (6) Liquidity risk management

As such, the Group shall have no material credit risk.

The Group's goal in managing liquidity risk is to control capital expenditures and working capital.

The table below summarizes the maturity profile of the Group's financial liabilities based on contractual undiscounted payments.
