

2 Mega-Pixel Outdoor IR PoE IP Camera

Professional Outdoor Surveillance with Superb UXGA Quality

The PLANET ICA-HM316 Network Camera with IR Illuminator is a high resolution camera for round-the-clock surveillance over IP networks. It supports H.264, MPEG-4, and JPEG compression formats and delivers excellent picture quality in 2 Mega-Pixel resolutions at 15 frames per second (fps). The IP66-rated housing protects the ICA-HM316 against rain and dust and ensures stable operation under extreme weather conditions. The ICA-HM316 is an ideal solution for outdoor surveillance applications such as buildings, roads, parking areas, garages, railway stations and airports.

Day & Night Functionality

To adapt to constantly changing lighting conditions, the ICA-HM316 comes with a removable IR-Cut filter and built-in IR illuminators, which enables the camera to provide color video when there is sufficient light, and black/white video in dark conditions. The ICAHM316 is able to maintain clear images 24 hours a day.

Camera

- 1/3.2" 2MP progressive scan CMOS sensor
- 3.6~16 mm Vari-focal, DC Auto-iris Lens
- 0 lux Minimum Illumination at F1.2
- Maximum resolution 1600 x 1200
- Removable IR-Cut Filter for Day & Night Function

Video / Audio

- H.264, MPEG-4 and M-JPEG video compression simultaneously
- · Simultaneous multi-stream support
- Up to 30fps for 1280 x 720 resolutions and 15fps for 1600 x 1200 resolutions
- · 2-Way audio support with enhanced audio quality

Network and Configuration

- Compliant with IEEE 802.3af PoE interface for flexible deployment
- · Auto MDI/MDI-X supported
- RTSP / UPnP / 3GPP / HTTPS protocols selectable

Easy Installation & Management

- · ONVIF compliant for interoperability
- Built-in 35 IR Illuminators, effective up to 25 meters
- IP66 outdoor classifications for stable operation under rigorous environment
- · Built-in Samba client for NAS
- · 3GPP for 3G mobile remote applications
- Digital Input/Output for integration with sensors and alarms
- Cam Viewer 3 Central management software supported

Exceptional Image quality with Vari-Focal Lens

With 3.6~16mm Vari-focal lens, the ICA-HM316 meets various demands of installation. For instance, traffic monitoring either on more than two lanes or just focus on one specific lane, it brings an extremely clear and exquisite picture quality.

Advanced Event Management

To enhance surveillance flexibility and event management capabilities, the ICA-HM316 supports a number of advanced features including Auto-Iris to avoid over exposure, AV out to perform two-way audio function and inputs/outputs to connect with external devices such as door sensors and relays to activate light or close doors.

Digital Input /Output

For External Sensor in and Alarm out

Flexible Installation and Power functionality

The ICA-HM316 incorporates IEEE 802.3af Power over Ethernet standard and able to be powered via the network cable from a PoE power sourcing equipment such as PoE Switch and PoE injector. It thus eliminates the need of extra power cables and reduces installation costs while increases the deployment flexibility. The ICA-HM316 is ONVIF compliant and therefore interoperable with other manufacturer's products. It also includes 64-CH central management software for ease of maintenance and remote monitoring. The ICA-HM316 is indisputably the top choice for reliable and high performance surveillance. The IP66-rated housing protects the ICA-HM316 against rain and dust and ensures stable operation under extreme weather conditions. The ICA-HM316 is an ideal solution for both indoor and outdoor surveillance applications such as buildings, hospital, bank, hotel lobby, garages, hallway, stores and offices.

Application

PLANET ICA-HM316 is suitable to be applied in various surveillance applications. With high resolution design, it can capture clear images and is perfect for identifying objects and persons. Moreover, the ICA-HM316 supports 802.3af PoE interface to facilitate the outdoor surveillance without worrying the electric source.

Specification

| Network and Configuration | |
| Network and Coringaration | |
| Network Standard IEEE 802.3 10Base-T IEEE 802.3u 100Base-TX | |
| Supported Protocols IPv4, TCP, UDP, HTTP, SMTP, FTP, NTP, DNS, DDNS, DHCP, UPnP, RTSF | RTP, RTCP, PPPoE, 3GPP, ICMP |
| Security Password protection, user access log | |
| Users 10 simultaneous unicast users | |
| System Integration | |
| Application Programming Interface Open API for software integration SDK | |
| Alarm Triggers Intelligent video motion detection and external input 3-zone video motion detection | |
| File upload via FTP, email and SAMBA Alarm Events External output activation Configurable Pre/Post alarm buffering | |
| General Configurable Press alarm bulleting | |
| Power Supply 12V DC, 1A IEEE 802.3af Class 0 | |
| Power Consumption Max. 10.8W while IR LED ON Max. 7.7W while IR LED OFF | |
| Housing Weather-proof IP66-rated housing | |
| Operating Temperature -20 ~ 50 Degree C | |
| Operating Humidity 20 ~ 80% (non-condensing) | |
| Weight 850g | |
| Dimension (Φ x L) 83 x 180 mm | |
| Emission CE, FCC 10/100Mbps Ethernet, RJ-45 DC power jack Torminal black for 1 clarm input, 1 cutaut and fectors default recet | |
| Connectors Terminal block for 1 alarm input, 1 output and factory default reset External MIC input Audio out Composited video out (Max. resolution: D1 720 x 480 pixel) | |
